

Irene's Myomassology Institute Mandatory Vaccination Requirement for Employees

In the interest of the health and safety of everyone in our community **Irene's employees, and instructors must be vaccinated by November 1, 2021**. This requirement comes in response to the rising rate of COVID-19 infections with the predominant delta variant proven significantly more infectious.

Anyone unvaccinated, regardless the reason, is required to bring a negative Antigen or PCR Covid-19 test each week. Unvaccinated individuals must bring proof of the negative test to the Executive Assistant, Megan Powers, on the first day you are on campus each week.

This information is treated with confidentiality. Our software has a vaccination tracking feature visible to only the Executive Director, Director of Operations and Executive Assistant.

Vaccinated employees, if you have not already done so, please bring or email a copy of your vaccination record to Megan Power's office.

Vaccinations are free, find locations here: <https://www.vaccines.gov/search/>
